General Information

Parents wanting to have a bigger part in Scouting should consider becoming a registered leader in the Boy Scout of America. Typically, new leaders with Troop 39 are assigned to the Troop Committee as a regular member. After completing the training required for a Troop Committee Member (see below), new leaders are eligible for Committee positions and may participate on Boards of Review. Typically, the Troop will pay for the training required by BSA.

All adults registered with Troop 39 must maintain current Youth Protection status in order to interact with any Scouts in any capacity or situation. The Troop Training Coordinator has the authority to restrict leadership activities for those adults who fail to comply with this stipulation.

Per BSA, the Scoutmaster recruits qualified adults to become an Assistant Scoutmaster. Those adults typically come from the pool that have completed the training and are active members with the Troop Committee. Additionally, leaders must complete the minimum required training for ASM (see below) in order to be registered with the Troop in that capacity.

All registered Adults in Troop 39 are in the OLD GOAT Patrol, even if they are assigned to be an advisor for one of the boy-lead patrols.

The Chartered Organization

The Troop is sponsored by the Chartered Organization, Matthews United Methodist Church. The organization has goals that are compatible with those of the Boy Scouts of America and receives a national charter yearly to use the Scouting program as a part of its youth program.

Per the charter, the Church provides a meeting space, selects a Scoutmaster, appoints a Troop Committee of at least three (3) adults, and chooses a Chartered Organization Representative (COR). This person performs many of the duties of the Scoutmaster and Outdoor/Activities Coordinator and is a trained Adult Leader of the Troop who is in charge of organizing the trip, promoting the event, obtaining the specific permission slips, collecting information for the tour permit, developing the budget, determining the number of drivers or additional trip coordinators, and so on for the event. On a trip, the Leader in Charge is as important as the Scoutmaster on a trip even if the Scoutmaster is attending, and becomes the single point of authority for those trips that the Scoutmaster does not attend.

The tour plan of the outing will be started by the Outdoor Coordinator and finished by the Scoutmaster. The Adult Leader in Charge will insure that there is a permission slip for each Scout attending. The Adult Leader in Charge will have a list of Scouts and adults attending the outing for the Senior Patrol Leader and the Scoutmaster. Within two weeks of the end of the event, the Adult Leader in Charge of the outing will turn in a folder of the outing showing who attended, contacts for the outing, notes of what would be changed if the outing were to be conducted again, and all other important information of the event. The folder will be given to the Scoutmaster for filing and can be used for future outings. Also, the list of people attending will be given to the Advancement Coordinator.

Committee Meetings

Committee meetings are held on the first Sunday of the month. If that day falls on a holiday, the meeting will be scheduled for the next available Sunday. The committee typically does not meet in July. Committee meetings will begin at 6:00 pm, and end between 8:00-8:30 pm. A meeting agenda and minutes of the prior meeting will be made available at the meeting, or sent earlier via email. Committee meetings are open to all parents of Scouts currently in good standing with Troop 39.

Any Troop 39 committee member, Scoutmaster, Assistant Scoutmaster or parent of a Troop 39 Boy

Scout currently in good standing with Troop 39 may present an item to be included on the committee meeting agenda, preferably in advance of the meeting. If the person bringing the item for discussion is not present, the item may be tabled for a future meeting. The Committee Chairman, at his or her discretion, may defer an item to a future meeting.

Voting

Committee business shall be managed by consensus of the Troop Committee members present at the meeting whenever possible. For Troop business requiring a vote, the proposed item will be included on the agenda and discussion initiated at the committee meeting. Once discussion has concluded, the committee will determine if a formal vote is necessary.

Only registered Troop 39 Committee Members, with the exception of the Committee Chairman, will be allowed to vote on items presented before the Committee that require a formal vote. Each registered Committee Member will be allowed one vote. Voting must be exercised in person: no proxies will be allowed. The Scoutmaster will not have the right to vote on Committee business, but will be encouraged to actively participate in any discussion prior to a vote. Any item requiring a formal vote will pass by a simple majority of the Committee members present at the time of the vote. In the event of a tie, the Chairman will cast the deciding vote.

Expedited Approval / Vote

When, in the opinion of both the Committee Chairman and the Scoutmaster, Committee approval of an item is required on an expedited basis prior to the next scheduled Committee meeting, the Committee Chairman will poll the Chartered Organization Representative, the Secretary and the Treasurer for their votes. A majority (three out of four) must vote in favor for the item to pass.

In any such instance where an expedited approval or vote has been conducted, the Committee Chairman will document the instance and include it in the agenda of the next scheduled Troop Committee meeting for ratification.

Term of Service and Committee Elections

The Scoutmaster and Committee Chairman should commit to serve for a minimum term of two years. No maximum number of terms is specified; persons serving in either capacity may continue to do so for any number of terms. The Committee may review any position at any time.

Key Position Leaders should commit to serve for a minimum term of one year. No maximum number of terms is specified; persons serving in key committee positions may continue to do so for any number of terms. The Committee may review any position at any time.

To allow for continuity and orderly transitions, Scoutmasters, Committee Chairmen and Key Position Leaders should provide sufficient notice to the Committee of their intent to vacate their position. They should also allow enough time for a new leader to learn and assume their responsibilities whenever possible.

Reimbursements

The Treasurer shall be authorized to reimburse registered adult leaders of Troop 39 for expenses legitimately associated with authorized Troop 39 activities. All other expenses shall be presented to the Troop Committee for approval at a regularly scheduled Committee meeting, unless the Troop Committee has previously approved such expenses during a regularly scheduled Committee meeting.

Additionally, the Treasurer, at his or her sole discretion, may request Committee approval of any expense in excess of \$100.00, prior to payment. Such approval may be obtained during the course of a normal Committee meeting or via the expedited approval process, at the request of the Treasurer.

The Troop maintains an account at the Mecklenburg County Council Scout Shop that is used for the purchase of rank advancement items and other Troop-sponsored material. Signature authority shall be granted to registered leaders at the discretion of the Troop Committee.

Use of Troop Equipment by Other Groups

It is the responsibility of the Troop Committee and the Equipment Coordinator to ensure that the Troop obtains and maintains adequate equipment for the various Troop functions and events. The Troop will provide the usual and customary types of equipment in sufficient quantities for the Troop's activities and uses, such as: tents, cooking equipment, stoves, lanterns, and other camping equipment as necessary. The Troop also owns and loans to individual Scouts personal equipment, such as sleeping bags, backpacks, etc. for use by the individual Scout as needed. In addition, the Troop also owns and maintains equipment used for various fundraisers (the annual barbecue sale), such as a large commercial food chopper, scales, and other miscellaneous tools.

The Troop also has purchased and maintains two trailers for use by the Troop: one closed box trailer approximately 5' x 7', and one open flatbed cargo trailer, approximately 6' x 16' bed. The trailers are titled and insured through the Chartered Organization, Matthews United Methodist Church, but are maintained by and usage is controlled through the Troop Committee.

Persons or groups wishing to use any of the Troop's equipment must have permission from the Troop Committee. The Committee may designate one or more registered Troop leaders (i.e. the Chartered Organization Representative (COR)) to act on its behalf with respect to equipment loans and usage. In any event, use of all equipment by the Troop for scheduled Troop functions shall take priority over requested use by any outside group or individual.

Usage of the trailers is specifically limited to recognized ministry groups within Matthews United Methodist Church (i.e. mission work teams), or other organized groups affiliated with the Boy Scouts (Cub Scout Pack 214, Venture Crews, Order of the Arrow teams, etc.). All requests for use of a trailer shall be to the Troop Committee through the Chartered Organization Representative or the Equipment Coordinator. Approval of use of a trailer by an outside organization or group shall be subject to the use policies of the equipment. Specifically, the following conditions shall apply:

- Prior to use, a member of the borrowing organization shall complete a use request form stating dates requested, uses anticipated, the destination of trip, and the responsible contact person from the borrowing organization.
- A member of the borrowing organization, primarily the person who will be towing the trailer shall meet with the COR or Equipment Coordinator to review trailer hook-up and security

- procedures, obtain instructions for use of the wheel lock (boot), and receive the keys to the trailer locks.
- Upon return, the COR or Equipment Coordinator shall meet again with the borrowing organization representative to inspect the trailer following the use to ensure no damages have occurred and the trailer has been returned and secured properly.
 - If damaged during the time of use, the borrowing organization agrees to notify the Matthews United Methodist Church Business Administrator, the Troop Chartered Organization Representative or Equipment Coordinator, and the appropriate law enforcement agency immediately in order to begin insurance claims processing if appropriate, and to minimize potential for lost or stolen equipment.
 - The borrowing organization agrees to repair or replace the trailer(s) if damaged or lost during the time of use. Repairs and/or replacement shall be to the satisfaction of the Troop Committee. If damaged to a point that the trailer is unusable until repaired or replaced, the borrowing organization agrees to provide the Troop with another trailer of equal or greater capacity until such time as the trailer is restored to proper operating condition, or is replaced, whichever is required.

Revisions to the Troop Handbook or the Troop Committee and Leader Guidelines

Any member of the Troop Committee, Scoutmaster or Assistant Scoutmaster may propose a revision to the Troop Handbook or the Troop Committee Guidelines. Proposed changes must be in writing and must be submitted to the Committee Chairman at least one (1) week prior to a regularly scheduled Committee meeting. The Chairman will add the proposed change to the meeting agenda under New Business. The proposal will be available with the agenda and the item handled as normal business for the Troop Committee. All changes to the Troop Handbook or the Troop Committee Guidelines will require a formal vote.

Church Bus Procedure

The Troop can request to reserve the church buses in the annual church request period. If the bus reservation is accepted, the following is to be followed>

- Drivers must have a valid North Carolina Driver License and a good driving record. Drivers must complete the church bus driver class. The church will do a driver license background check on all drivers.
- On the day the buses are to be used, the keys will be in the Welcome Center in the church. There will be a folder with the keys and paper work in it. Take the ones for the Boy Scout Troop (there may be many at the Welcome Center).
- Follow the instructions to check out the bus as you were instructed in the church bus training class.
- After the trip, clean the bus (mop if required), insure the gas tank has at least ¼ of a tank, and record the final mileage. If you purchased gas, note it on the church form as purchased. The gas receipt is to be turned in the troop for reimbursement (do not turn in to the church).
